

Introduction to Flutter

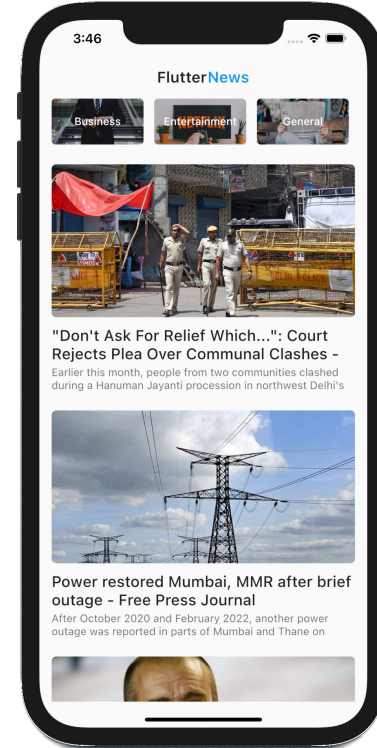

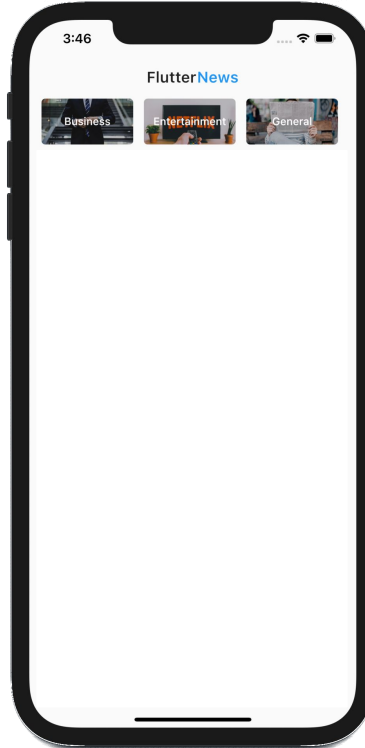

And cross-platform mobile
development

What we did during the previous Session

News API: <https://newsapi.org/>

Original article Post:
<https://flutternerd.com/news-app-with-newsapi-org-flutter/>

Let's Start Coding!

Congratulations! You Did it!

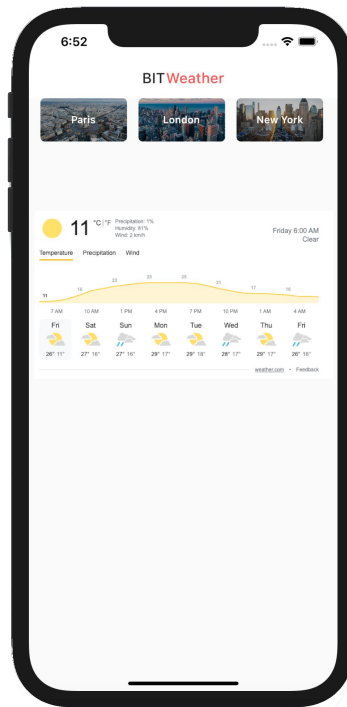

Building your first cross-platform app with Flutter!

Next Steps with Flutter

A similar project: Building a weather app with Flutter and OpenWeather API

- OpenWeather [API](#)
- OpenWeather [Documentation](#)

Prototype

Keep on learning and Growing

Do not stop here, there's other fun things to learn!

- ❑ More to learn: React JS, Angular, TensorFlow, Cloud Data platforms (AWS, GCP, Firebase etc...)
- ❑ Solving [Leetcode problems](#)
- ❑ Collaborating to public repositories on GitHub
- ❑ Online Hackathons: [Hack for Earth](#) (many others)
- ❑ Online Conferences: [Google I/O](#), [Apple WWDC](#), [DroidCon](#) (many others)
- ❑ Online Certifications: [GCP Certifications](#), AWS Certifications (many others)
- ❑ Stay Curious
- ❑ Do not be afraid to try and fail

Q&A
